

# Why should you trust **Ayming** to be your guide in your European innovation adventure?

## Expertise

### 20 years of experience

Our consultants have in average 10 years of consultancy  
3 PMP® certificates

## Innovation culture

We like **challenges** and provide **solutions, in a synergic, reactive and proactive approach**

## Results

500 funded EU projects  
200 managed EU projects :  
**1 billion € of funding obtained**

## Network & partners

More than **5000 partners** in our network

## Customised

Customer based approach  
(thematic, instrument, methods)

## Tools & methods

**Dedicated and proven** tools & methodologies for each type or project and stage in the process

ayming

**Further Together**

## Project Development

Concept & value proposal definition  
Partnership building  
Project engineering  
Proposal writing  
Proposal submission

## Project Implementation

Project management  
Technology intelligence  
Stakeholders management  
Dissemination & communication  
Business modeling  
Business planning

## Our recent success stories?

# 11 Fuel Cell & Hydrogen projects funded

Dolphine

**Disruptive PEMFC stack with novel materials, processes, architecture and optimized interfaces**

Coordinator : CEA (F)

PEGASUS

**PEMFC based on platinum group metal free structured cathodes**

Coordinator : CEA (F)

<https://pegasus-pemfc.eu>

ID-FAST

**Degradation mechanisms and accelerated Stress Testing for PEM Fuel cells**

Coordinator : CEA (F)

<http://id-fast.eu>

HyPACTOR

**Pre-normative research on resistance to mechanical impact of composite overwrapped pressure vessels**

Coordinator : CEA (F)

<http://hypactor.eu>

FireCOMP

**Thermo-mechanical behaviour of high pressure vessels, made of composite materials when exposed to fire conditions**

Coordinator : AIR LIQUIDE (F)

<http://www.firecomp.info>

HyCOMP

**Design Requirements and Testing Procedures for Composite Cylinders**

Coordinator : AIR LIQUIDE (F)

<http://hycomp.eu>

Second Act

**Optimized and durable  $\mu$ CHP systems using accelerated tests**

Coordinator : CEA (F)

<http://second-act.eu>
